

Isabella Bretz - Conversation

tom:
Capostrate na 3ª casa

Our minds fly to the same direction
Our hearts connected in affection
We walk ahead and thank to be alive
The energy of twins
We're closer than it seems
I see your look in mine
We're sharing thoughts through the eyes
We're sharing thoughts through the eyes
We're sharing thoughts through the eyes
We're sharing thoughts through the eyes
We're sharing thoughts through the eyes

I love this link I have with you
As pretty as a flower in bloom
Go home and pack your bags
To know the world with me
An ocean to discover
Within, outside, it's never over
When no one hides it's easier to see

Acordes

In this deep conversation
No, no there is no pretension
To get completely what you have inside
Just a natural tuning
A soul that mine is choosing
There is no will to lie

When we are talking through the eyes
When we are talking through the eyes
We're sharing thoughts through the eyes
We're sharing thoughts through the eyes

(Am7 D7 E E)
(Am7 D7 G Em)

We're sharing thoughts through the eyes
We're sharing hugs through the eyes
We're sharing jokes through the eyes
We are smiling through the eyes
We're sharing thoughts through the eyes
We're sharing songs through the eyes
We're sharing love through the eyes
