

# Isadora Dominiak - Just Your Friend

tom:

Intro: Gb Ebm Gb B

I'm the one who stands for you

The one who is there through your darkest time

The one who is there to hold your hand

But you said that I am just your friend

But darling don't you know It is not your choice

And don't try to put this in my head

I need more than that And if you don't please let me go

But If you wonder how it could have been

Maybe we should give it a try please, give me the chance

To show that I am perfect for you

I am the one you reach to talk

The one that always backs you up

I won't leave you unless you want me to  
Just let me stay till the end of the times

But darling you should know It is my choice

And if you can be honest with me

I can finally set me free

But If you wonder how it could have been

Maybe we should give it a try please, give me the chance

To show that I am perfect for you

[Solo] Gb D Gb D B

But darling you should know It is my choice

And if you can be honest with me

I can finally set me free

But If you wonder how it could have been

Maybe we should give it a try please, give me the chance

To show that I am perfect for you
