

Israel Subirá - War On Babylon

tom:

G

Cadd9 D

You cast your spells upon the land
Your lies of pleasure and false glee
You enslave the hearts of men
With the illusion of being free

Cadd9 D

You give away your copycats
You could never satisfy
But there is one coming for you
And you cannot escape his eyes

Cadd9 D

Tremble and fear, oh Babylon
Tremble and fear
To escape your fake delight
The son of light has set them free

(Cadd9 D G Em7)

Cadd9 D

Your treats smell good but taste like death
You lure them all into your traps
Your gifts were never ever sweet
They are as bitter as your sting

But there's a new humanity
One that will not bend their knees
They're waging war on Babylon
The son of man has set them free

Cadd9 D

Tremble and fear, oh Babylon
Tremble and fear
To escape your fake delight
The son of light has set them free

G Em7

I'm waging war on Babylon
To see you lose your filthy throne
Until the grips of your domain
Are forgotten, old and gone

G Em7

I'm waging war on Babylon
Until the day my victor's throne
Is seen from all across the land
And sin will never be again

G Em7

Sin will never be again
Sin will never be again
Sin will never be again
