

Israel Kamakawiwo'ole - Margarita

Tom: G

Intro 4x: G C

On a hilltop in Tahiti, as I gaze across the bay
 At the island of Morea, standing in the day
 And I love thee margarita, serve me cool Hinano beer
 I'll be a fool in paradise for five full hours here

Chorus:
 Yorana can't you stand the heat Yorana dancing in bare feet
 Yorana when you laugh at me Yorana I....I'm in ecstasy

My name is margarita, and the salt upon your lips
 Tell me lemon and tequila is the flavor of your kiss
 All the magic and the beauty and the humor of this isle
 Is captured like a goldfish in the sparkle of your smile

Refrão:
 Yorana can't you stand the heat Yorana dancing in bare feet
 Yorana when you laugh at me Yorana I....I'm in ecstasy

The sunshine warms the mountain and makes you golden brown
 The water laps around you where I only hope to drown

The coconut plantations, the sea and sky above
 The South Pacific islands they are all caressing you

Refrão:
 Yorana can't you stand the heat Yorana dancing in bare feet
 Yorana when you laugh at me Yorana I....I'm in ecstasy

The crimson dress you're wearing, with nothing underneath
 The flower there behind your ear, the grass beneath your feet
 Margarita, margarita, please dance with me tonight
 We will dance together where the stars are shining bright

Refrão:
 Yorana can't you stand the heat Yorana dancing in bare feet
 Yorana when you laugh at me Yorana I....I'm in ecstasy

Margarita, margarita, I come from far away
 Let's go take a dive in Makawi'i Bay
 Margarita, margarita, we walkin', in the lair
 We go in the dark and we don't need a spear

Refrão:
 Yorana can't you stand the heat Yorana dancing in bare feet
 Yorana when you laugh at me Yorana I....I'm in ecstasy
