

Ita Melo - And

Intro: D Bm G A

D Bm G A

If you come here

Hidden in your tears

Behind in your mind

Lost in your time

Tell me what I do

When I find you

Ask me to come back

Why were you so bad?

Tell me what you want

And show me how to belong

tom:

The night without me

Alone in your fears

Tell me what to say

If I find my way

Maybe so different from you

Tell me if it's clear

And ask me how to be

In Your life without my dreams

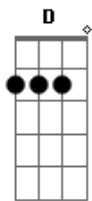

And, I know what to say if you ask me to come back

The last time you played games, I lost all my feelings

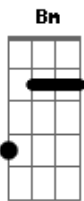

Maybe I can't find my way; maybe I can't be the best

Maybe I should say, it's better left in the past
