

Itchy Poopzkid - The Sea

I guess it's not that hard once you
Decide to start
Whatever you are choosing, while
Winning you ain't losing
Everything is possible but still we
Never go
Laughter will win over tears when we
Get away from here
When we get away from here
Let's go hang out by the sea
Life get's easier with me
Just imagine how our days could be
And in the night we'll make a fire
Sparks are dancing in the sky
Leave the world behind and come with
Let's go hang out by the sea
(CBEmDGCD)
                D
Our insecurities slow us down
Before we see
There is change behind the mountain
Overflowing like a fountain
Let's dream our life away. Under the
Sun all day
And even when it's pouring down
Together it is fun to drown
Together it is fun to drown
```
