

# Iury Moreti - Experience

Tom: Eb

(com acordes na forma de  
Capotraste na 3ª casa

in your eyes I see  
clouds one day passed me  
so far I can not see  
the rains that they carried to us

this can be an experience

or this time would work

in another parallel earth

we would have the same soul ?

C)

yes, we would have the same soul

all the things we did

they conspired so that we were here

but it does not work as well

because I do not know if this is real

this can be an experience

or this time would work

in another parallel earth

we would have the same soul ?

yes, we would have the same soul
