Who made this life

You said you felt the same
B7 Gb A
You reached out and whispered my name
Ebm7 Ab7 Dbm7 B7
Promising me tomorrow

All you left me is a song
I sing it now that you've gone
At least love in the songs
Lasts forever

Gbm7 Db7
Music only survives
B7 Gb A
In the melody we're alive
Ebm7 Ab7 Dbm7 Gb7
Feeling it all together
B7 B7 E
Living inside a song

When we made love Gbm7

What a perfect world we made together

How I wished that life went on and on

Once I walked in the sun
G#7(#9) Db7 Db7

Gm7 C7 Gbm7 B7 E Am7 E Am
I feel the light until my life is done

Lovers dance by the sea
And they're always you and me
And music soft as the night
Falls around us

Hope you're watching the stars
And the moonlight falls where you are
One time the music found us
One time we made a song

A7M D7 D7
Once I walked in the sun
G#7(#9) Db7 Db7
Once I walked in the sun
Gm7 C7 Gbm7 B7 E E7 E7
I feel the light until my life is done

A7M D7 D7
Once I walked in the sun
G#7(#9) Db7 Db7
Once I walked in the sun
