Tom: E

[Intro:] E Am E Am

E Am  
Once I walked in the sun  
E Am7  
You told me I was the one  
E Abm7 Db7  
Who made this life  
Gbm7 Db7  
So it is worth the sorrow  
  
Gbm7 Db7  
You said you felt the same  
B7 Gb A  
You reached out and whispered my name  
Ebm7 Ab7 Dbm7 B7  
Promising me tomorrow

All you left me is a song  
I sing it now that you've gone  
At least love in the songs  
Lasts forever

Gbm7 Db7  
Music only survives  
B7 Gb A  
In the melody we're alive  
Ebm7 Ab7 Dbm7 Gb7  
Feeling it all together  
B7 B7 E  
Living inside a song

When we made love Gbm7  
B7

What a perfect world we made together  
Gbm7  
When we made love  
B7 E7 E7  
How I wished that life went on and on  
  
A7M D7 D7  
Once I walked in the sun  
G#7(#9) Db7 Db7  
Once I walked in the sun  
Gm7 C7 Gbm7 B7 E Am7 E Am  
I feel the light until my life is done

Lovers dance by the sea  
And they're always you and me  
And music soft as the night  
Falls around us

Hope you're watching the stars  
And the moonlight falls where you are  
One time the music found us  
One time we made a song

A7M D7 D7  
Once I walked in the sun  
G#7(#9) Db7 Db7  
Once I walked in the sun  
Gm7 C7 Gbm7 B7 E E7 E7  
I feel the light until my life is done

A7M D7 D7  
Once I walked in the sun  
G#7(#9) Db7 Db7  
Once I walked in the sun  
Gm7 C7 Gbm7 B7 E Am7 E Am  
I feel the light until my life is done
