tom:  
 Gbm  
 Getting the things he wants A  
 Using arguments or a gun A  
 I never did to myself A  
 What I did for you in a month A  
 Usually I start A  
 Wishing on the brilliant star A  
 On it don't put my heart A  
 I don't wanna leave even though it's hard A  
 Since someday in July A  
 I felt you would change my life A  
 She warn me you had good lies A  
 But she didn't said it was your eyes A  
 Take all your wishes A  
 And take it all on your beaches A  
 I know your weakness A  
 So don't play with me A  
 I don't get your plan A  
 I can't understand A  
 I'm always here and I told A  
 To everyone that you're my soulmate A  
 You don't need to explain A  
 I choose bask me in the cold rain A  
 But you caught me from behind and A  
 Gave me the last checkmate A  
 Are you okay? A  
 I used to ask every single day A  
 We know how it works babe A  
 You are so delicate A  
 Vulnerable brain A  
 You say you're in love, but you only feel pain A  
 Let me ask you one thing A  
 All the things I did was in vain? A  
 Oh, I love you so much A  
 And it kind of hurts A

Stronger than before A  
 And you are asking for more A  
 I don't get your plan A  
 I can't understand A  
 I'm always here and I told A  
 To everyone that you're my soulmate A  
 You don't need to explain A  
 I choose bask me in the cold rain A  
 But you caught me from behind and A  
 Gave me the last checkmate A  
 The last checkmate A  
 The last checkmate A  
 But you caught me from behind and A  
 Gave me the last checkmate A  
 Could you be the first one? A  
 Is daddy proud of having you as a son? A  
 You lose, I already won A  
 I'm trying to live fast but you wanna die young A  
 I don't get your plan A  
 I can't understand A  
 I'm always here and I told A  
 To everyone that you're my soulmate A  
 You don't need to explain A  
 I choose bask me in the cold rain A  
 But you caught me from behind and A
