

Ivete Sangalo - Berimbau Metalizado

Tom: **D**
Intro: **Bm**

Que som é esse mano
Que o povo tá dançando
Que vem de lá pra cá

É um som diferente
Que alucina a gente
E faz dançar

É uma mistura de tambor
Violino e Agogo
Que não deixa ninguém parado

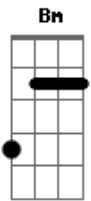

La no fundo tá rolando
O som que vem empurrando
É o berimbau metalizado
Tá Tá Tá
Tá arrastando toda a massa
Tá Tá Tá
Tá balançando o chão da praça
Tá Tá Tá

Ta todo mundo arrepiado
Curtindo o som do berimbau metalizado
