**Dbm**  
Drink the water drink it down

This time I know I'm bound

**Ab**  
To spit it back up

**Gb**  
I didn't want this

**Dbm**  
Salty substitute, just not going to do

**Ab** **Gb**  
I need some air, if I'm going to live through

**Dbm**  
This experience reminds me of a clock

**Ab**  
That just won't tick

**Gb**  
I want to wake up

**Dbm**  
From this concussion

But my dreams just not done

**Ab**  
I'm late again,

**Gb** **Dbm**  
It's just one of those bad days

Look outside and

Be careful what you ride

**Ab**  
You just might find

**Gb** **E**  
That you're out of time

**Ab** **Dbm**  
To swim ashore

**E** **Ab**  
If I drift long enough

**Dbm**  
I'll be home

Solo

He's got delusions between his ears  
Man it takes up too much space  
And all that tension between his gears man  
He'll never ever leave this place

**Dbm**  
He's got stones instead of bones  
And everybody knows

**Ab** **Gb**  
Ah, man that can make you real real slow

**Dbm**  
And if heaven was below  
He'd know just where to go

**Ab**  
Dive in the ocean

**Gb**  
And he'd sink like a stone  
And he'd say

**E** **Ab** **Dbm**  
It's time to swim ashore

**E** **Ab**  
If I drift long enough

**Dbm**  
I'll be home

**Dbm**  
Hold on if you can  
You're gonna sink faster

**Ab** **Gb**  
Than you can imagine so

**Dbm**  
Hold on if you can  
You're gonna sink faster

**Ab** **Gb**  
Than you can imagine so

**E** **Ab** **Dbm**  
It's just time to swim ashore

**E** **Ab**  
If I drift long enough

**Dbm**  
I'll be home
