

Jack Johnson - My Little Girl

Tom: **D**

(refrão)

(verso)

Hey, little girl ^{A7sus4 Bm(#5)}
 You might not know this song ^{B7sus4 D}
Bm This is not the kind of song
^A That you can sing along to
 But hey, little girl ^{A7sus4 Bm(#5)}
 Maybe some day ^{B7sus4 D}
Bm least that's what all
^A The good people will say
^G Hey, little girl
^{Em} Look what you've done
^{Bm} You've gone and stole my heart
^{A G} And made it your own
^{Bm} You've stole my heart
^{A G} And made it your own

^{A7sus4 Bm(#5)} Hey, little girl
^{B7sus4 D} Black and white and right and wrong
Bm Only live inside a song
^A I will sing to you
^{A7sus4 Bm(#5)} You don't ever have to feel lonely
^{B7sus4 D} You will never lose any tears
Bm You don't have to feel any sadness
^A When you look back on the years
^G How can I look you in the eyes,
^{Em} And tell you such big lies?
Bm ^A The best I can do is try to show you
^G How to love with no fear
^{Em} My little girl
^{Bm} You've gone and stole my heart
^{A G} And made it your own
^{Bm} You've stole my heart
^{A G} And made it your own
