Intro: **E A D**

(this part is **E** barre chord to **A** barre chord)

well day by day
and just one, just one little step at a time
woman you have given me so so much
just to ease this troubled little heart of mine
and thats why
further on down the road, baby
well you will accompany me
and i said
further on down the road, baby
well you will accompany me

(this part **E** barre chord to **B** barre chord to **Dbm** barre chord to **A** barre chord)

things get sad
we get mad
we must always remember that things just aint that bad
thats why

(e to **A**)

fruther on down the road
you will accompany me
least thats what i'm hoping now
that further on down the road
well you will accompany me

and if we are in fools in love
then a happy fool i would rather be
and i'll be glad to learn from you

and i know that you will learn from me

(**E B Dbm A**)

when i think back
your love was like the sun
i don't remember any cold days only warm warm sun
that why if were fools in life
then a happy fool i would rather be

and even after all
the murdering
i said even after all oh no no no
the suffering

(**E B Dbm A**)

i don't care where they came from
and i don't care what they must say
woman you've been loving in my corner all all the way

(e to a)

now day by day
well thats the magical kind cause its flowing all the time

(Now INTO **A VERSE FROM LED ZEPPELIN'S "RAMBLE ON"**)
(e to a chords)

leaves are falling all around
and its time i was on my way
and thanks to you, i am much oblided
such a pleasant stay
now its time for me to go
the autumn moon lights my way

its time to ramble on...
(exit on **E** chord)
