[Refrão]

We came forward, running backwards
No one man's a island, shotgun riding for ya
Somehow we made it, although jaded
Was it worth it all?
Could it be more?

[Primeira Parte]

Overdosing, at least I'm with my baby
We can't get any higher
?We can't get past Messiah

But we're still chasing for that feeling
Was it worth it all?
Could it be more?
And oh, what a way to die
Standing eye to eye
Pretending we're alive as we grow colder
And oh, the devil that I know
Is better than the devil that I don't
(Cm G)

[Refrão Final]

So we came forward, running backwards
No one man's a island, shotgun riding for ya
Som?how we made it, although jaded
Was it worth it all?
Could it b? more?
