I found love in a moment **G**
 I watched your breath as it touched the wind **D**

As it painted the open air **Em**
 And it came to rest on my skin

I don't know if you noticed **G**
 But I found my heart in that moment **G**
 As we stood by the ocean **D**
 You reached for my hand and you said my name

Every word I heard poetry **Em**
 I saw laughter upon your face **G**
 I don't know if you noticed **G**
 But I left my heart in that moment **G**

C
 With your arms on my shoulders **D**
 And that look in your eyes **Em**
 I knew you and I were the same **D**
C
 There I danced in your aura **D**
Em

Where you led me inside **D**
 Guiding me into somewhere safe **D**
 I've found home (oh, oh) **G** **D**
 I've found home **Em** **D**
 I've found home **G**
 There we lay by the water **D**
 Almost asleep as I heard you say **D**
 I don't know if we're meant to be **Em**
 Though this certainly feels like fate **Em**
 I don't know if you noticed **C**
 But I fell in love in that moment **C**
 With your head on my shoulders **D**
 And that look in your eyes **Em** **D**
 I knew you and I were the same **C**
 There I danced with your aura **D** **Em**
 As you led me inside **D**
 Guiding me into somewhere safe **D**
 I've found home (oh, oh) **G** **D**
 I've found home **Em** **D**
 I've found home **G**
 I've found home
