

# Jacob Whitesides - Rules Of Beautiful

Tom: E

(com acordes na forma de Capotraste na 4ª casa C )  
Intro: Am C Am Em C

You're an angel in disguise

When you cover your eyes  
But angels don't need covering.

You're a princess, you're a queen

You don't need finer things  
But I'll buy you diamond rings just because.

Cause you break the rules of beautiful  
So stay with me for a minute more  
No need to fix what's beautiful, you're beautiful.

Like a flower all alone in a field of weeds  
You don't need to change you just need to be  
The way you were made is just for me

You're beautiful, cause you break the rules of beautiful,

The rules, as they are over looked your heart  
But we got history that deeper than these scars.  
Oh and I'll take it all, all of your secrets and flaws

You make history by being who you are

Cause you break the rules of beautiful

So stay with me for a minute more  
No need to fix what's beautiful, you're beautiful.

Like a flower all alone in a field of weeds

You don't need to change you just need to be  
The way you were made is just for me

You're beautiful, you break the rules of beautiful,  
Oh you're beautiful, oh you're beautiful, oh you're beautiful

Cause you break the rules of beautiful

So stay with me for a minute more  
No need to fix what's beautiful, you're beautiful.

Like a flower all alone in a field of weeds

You don't need to change you just need to be  
The way you were made is just for me

You're beautiful, cause you break the rules of beautiful,

If I re-wrote the rules for beautiful  
I would trace you on a page and put it up  
So the whole wide world can finally see whats beautiful you  
Break the rules of beautiful
