

Jade LeMac - Constellations

tom:
Capostrate na 6ª casa (forma dos acordes no tom de G)

Lights are turned off

Music is on

Minds are unlocked

This feeling is amazing

Hands on your waist

Liquor is all that we taste

Your freckles lead the way

I trace your constellations

[Primeira Parte]

I see it in your eyes

The wind blow west where the sun don't rise yes

You've got a darker side

You know it's a mess but you don't need to hide yes

The sweat is dripping down

Caresse your skin till it hits the ground uh

You're diggin' deeper now

You're biting your lips so you don't make a sound

[Refrão]

Lights are turned off

Music is on

Minds are unlocked

This feeling is amazing

Hands are on your waist

Liquor is all that we taste

Your freckles lead the way

I trace your constellations

[Segunda Parte]

Now we're four shots in

Slowly getting sober from the taste of your skin

We bring the light to the sin

You pull my head up as you're dripping down my chin

Acordes

I feel your heart start to beat
When I hit the spot you know I hit it perfectly
And you taste so sweet
Leave me wanting more soon as we get out the sheets
[Refrão]

Lights are turned off

Music is on

Minds are unlocked

This feeling is amazing

Hands on your waist

Liquor is all that we taste

Your freckles lead the way

I trace your constellations

[Ponte]

Now you're gone in the blink of an eye

I try to remember what you look like

Orions belt in the sky

Closest thing to ya other than my mind

Now you're gone in the blink of an eye

I try to remember what you taste like

Deep playing in my head

Smell of your body is still in my bed

[Refrão]

Lights are turned off

Music is on

Minds are unlocked

This feeling is amazing

Hands on your waist

Liquor is all that we taste

Your freckles lead the way

I trace your constellation

I trace your constellation

I trace your constellation
