

Jake Bugg - About Last Night

tom:

Intro:

[Primeira Parte]

It's clear now, that it wasn't in my head
 It's getting worse now 'cause you're not lying in my bed
 It'd be too late now, let them see that side of me
 And yesterday still lingers like the bruises on my fingers

Took me blindly, the way he grabbed you by the hand
 And looked right through me like a shadow of a man
 With a kind of cruelty, couldn't stand a chance
 And his blurry face still lingers like the bruises of my fingers

The yellow lines I'm chasing are caught in a spiral
 And my lover watched me fall from a man to a child
 I could see her let me go in a drop of her smile
 Now it's seven in the morning, I can't breathe

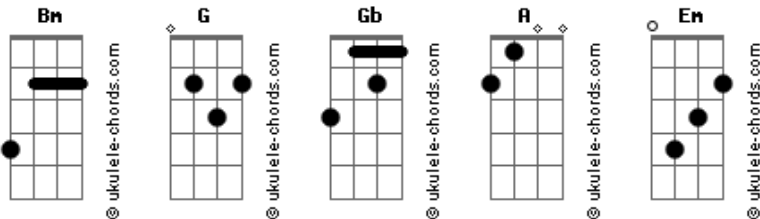

[Refrão]

Oh my my, about last night
 I know I lost my mind, jealousy
 Oh my my, about last night
 I want you on my mind, jealousy

Hopelessly in love, darling, don't you leave me
 Got me hopelessly in love, baby, please believe me
 Oh my my, about last night
 I always win the fight, it's you and me

[Segunda Parte]

Acordes

It's clear now that the demons are in me
 You shouldn't fear now, they're not as bad as they may seem
 But you're hurt now and it's all because of me
 You know I'll spend a million lives, just trying to make it right

The yellow lines I'm chasing are caught in a spiral
 And my lover watched me fall from a man to a child
 I could see her let me go in a drop of her smile
 Now it's seven in the morning, I can't breathe

[Refrão]

 Oh my my, about last night
 I want you on my mind, jealousy

Hopelessly in love, darling, don't you leave me

 I always win the fight, it's you and me
