

Jake Bugg - On My One

Tom: **C**

I'm just a poor boy...

...They're gone, they're gone...

...Three years on the road, 400 shows...

...Where do I belong...

...Every town has a stranger...

...where's God, where's God...

...He's even left me on my one...

...where's God, where's God...

...He's even left me on my one...

...I'm just a poor boy...

...They're gone, they're gone...

...Oh I'm so lonesome on my one...
