

Jake Bugg - Slide

Tom: C

I've been thinking about
 The way the world turns,
 And my stomach churns.
 When it finally hits me out of the sky,
 I knew this day would come
 I'm on the front line.

Woah...
 Don't know how to take it in,
 Is love just suffering?
 'Cause I can see where the chapter ends
 I've got autumn leaves
 And heartbreak dreams inside, inside...
 'Cause you and me
 On this frozen sea we slide, slide...

I'll wait all on my own
 Like a flower in the snow,
 With just my shadow following me
 Out into the cold,
 Where I walk past the trees
 To look for my love.
 Woah...
 And its got me wondering,
 Is love just suffering?
 'Cause I can see where the chapter ends
 I've got autumn leaves
 And heartbreak dreams inside, inside...
 'Cause you and me
 On this frozen sea we slide, slide...
 Slide...
