

Jake Bugg - Song About Love

Tom: **Db**

(com acordes na forma de **C**)
 Capotraste na 1ª casa
 Intro:] C, **F**

You tell me all the things you do

Tell me that it's up to you

Crying in the peaceful night

Telling all the things you hide

But out there in the future

Maybe you're the rainbow

There's no song without love

With your eyes shut you cry in your bed

Is that what you wanted?

Songs about love

Is that what you hoped you would find

Well it's burning inside

But a song about love's not enough

So what do you want for?

What are you needing?

Songs about memories that hide and then shatter your mind

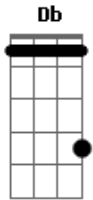

Like a constant reminder

I just want to find where you are

I just want to find where you are
