

Jake Bugg - The One I Never Knew

Tom: **B**

(com acordes na forma de Capotraste na 4ª casa **G**)

C
All the girls I've ever known
Have something about you
You don't believe the things I say
Even when they're true

F **C**
But girl I'm telling you that you're something else
G **C**
And I mean the things I say

C
I hope one day you'll realise
What you're in my eyes
All the words I say are true
No, I don't tell lies

F **C**
But girl I'm telling you that you're something else
G **C**
And I mean the things I say

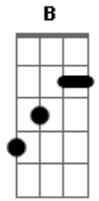

Am **Em**
Haven't known you long
Am **Em**
Still wrote you this song
Am **Em**
And I sing words so true
G
That I sing, that I sing, for you

(Just repeat)

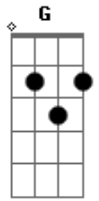

All the girls I've ever known
Have something about you
You don't believe the things I say
Even when they're true
But girl I'm telling you that you're something else
And I mean the things I say

Haven't known you long
Still wrote you this song
And I sing words so true
That I sing, that I sing, for you
