

Jake Scott - Working For You

tom:

[Primeira Parte]

Eb
This drink

Isn't my trigger

Gm **G**
It's you and me in that Polaroid picture

Eb
I keep on my dash

Ebm **Eb**
I see everyday

Gm **F**
Tried dozen of times to throw it away

Eb
And this smoke

Won't be my killer

Gm **F**
It's hope that I might

Eb
Finally get rid of this ghost

That follows me around

Gm **F**
And little reminders all over this town

[Refrão]

Bb
And I know

F
I shouldn't be calling this late

Gm
But I lost control and I hate

Eb
The way I can't stop it once it begins

Bb
I'm sorry I couldn't resist

F
I swear this will be the last time

Gm
And I hear you're doing just fine

Eb
But I've done everything I can do

Bb
Please tell me what's working for you

[Segunda Parte]

Eb
Words

They don't mean nothing

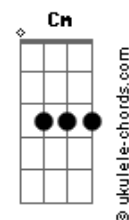

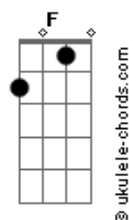

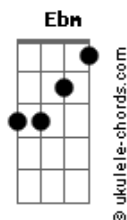

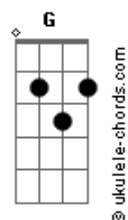

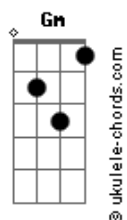

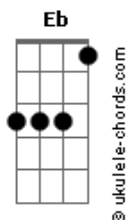

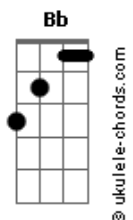

Gm **F**
If I don't pick myself up

Eb
I can't count all the nights

I broke down to my friends

Gm **F**
Begging for help just to fall back again

Acordes

Bb
And I know

F
I shouldn't be calling this late

Gm
But I lost control and I hate

Eb
The way I can't stop it once it begins

Bb
I'm sorry I couldn't resist

F
I swear this will be the last time

Gm
And I hear you're doing just fine

Eb
But I've done everything I can do

Bb **F**
Please tell me what's working for you

Gm **Eb**
Tell me what's working for you

[Ponte]

Cm
Did you reach out for help

Gm
Or do it all by yourself

F
Did you forget me

By falling for somebody else

Cm
I just need to know

Gm **F**
And I promise I'll leave you alone

[Refrão]

Bb
And I know

F
I shouldn't be calling this late

Gm
But I lost control and I hate

Eb
The way I can't stop it once it begins

Bb
I'm sorry I couldn't resist

F
I swear this will be the last time

Gm
And I hear you're doing just fine

Eb
But I've done everything I can do

Bb **F**
Please tell me what's working for you

Oh

Gm **Eb**
Tell me what's working for you

Bb **F**
Tell me what's working for you

Gm **Eb**
Oh, Oh, Oh

Tell me what's working for you
