

# James Bay - Peer Pressure

Tom: G

Seven texts, 2AM  
 Halfway dressed, all saying, "Call me up"  
 You can't sleep, you're testing me  
 Bad but sweet and I'm just tryna keep it together, oh  
 And now you're sayin'

Put your hands on my body just like you think you know me  
 Want your heart beating on me, don't leave me hot and lonely  
 I don't usually give in to peer pressure  
 But I'll give in to yours

When we met, innocent  
 Now I'm dead every time you're touchin' me  
 You're dancing around on my mind every second  
 I'm under control till you're in front of me  
 Maybe I'm scared, I don't care, I'm addicted  
 I'm in it  
 And you say

Put your hands on my body just like you think you know me  
 Want your heart beating on me, don't leave me hot and lonely  
 I don't usually give in to peer pressure  
 I'm in it

But I'll give in to yours  
 So I give you my everything and you keep on teasing  
 With that look in your eyes 'cause you know I believe it  
 I don't usually give in to peer pressure  
 But I'll give in to yours  
 Ooh-ooh-ooh, ooh-ooh-ooh

When we met, innocent  
 Now I'm dead and you're sayin'

Put your hands on my body just like you think you know me  
 Want your heart beating on me, don't leave me hot and lonely  
 I don't usually give in to peer pressure  
 But I'll give in to yours  
 So I give you my everything and you keep on teasing  
 With that look in your eyes 'cause you know I believe it  
 I don't usually give in to peer pressure  
 But I'll give in to yours  
 Ooh-ooh-ooh, ooh-ooh-ooh

You're dancing around on my mind every second  
 I'm under control 'til you're in front of me  
 Maybe I'm scared, I don't care, I'm addicted  
 I'm in it
