

James Bay - Running

Tom: D

When my heart is ready to burst, When the world spins in reverse

I'll keep running, To the place where I belong

When you go, turn down the light No one's here to hold you in the night

I'll keep running To the place where I belong

When you think you're on your own

I'm still coming home!

When our picture fades in the SUN, And all the colors blur in the one

I'll keep running, To the place where I belong

Bm

When you think you're on your own,
I'm still coming home!

When your all gets blinded, When you fold with the cards
No, I'll never stop fighting, To get to where you are!

Wherever we go, Wherever we go, Wherever we go
Wherever we go, Wherever we go, Wherever we go

When the lights are faded to black, Only stars are guiding me back

I'll keep running, To the place I belong

When you think you're on your own, I'm still coming home

When you think you're on your own, I'm still coming home
