

James Bay - Us

Tom: A

m [Intro] Am

Am
Sometimes I'm beaten

Sometimes I'm broken

'Cause sometimes this is nothing but smoke

Am
Is there a secret?

Am
Is there a code?

Can we make it better?

'Cause I'm losing hope

Am
Tell me how to be in this world

Tell me how to breathe in and feel no hurt

Tell me how could I believe in something

I believe in us

Am
After the wreckage

Am
After the dust

I stood hither how I still the rush

Am
Over the rise, above all the noise

Throughout world, still hear your voice

Am
Tell me how to be in this world

Tell me how to breathe in and feel no hurt

Tell me how could I believe in something

I believe in us

Am
Tell me how to be in this world

Tell me how to breathe in and feel no hurt

Tell me how could I believe in something

I believe in us

F
We used to be kids livin just for kicks

Am
In cinema seats learning how to kiss

C
Running through streets that were painted gold

G
We never believed we'd grow up like this

Am
Tell me how to be in this world

Tell me how to breathe in and feel no hurt

Tell me how could I believe in something

I believe in us

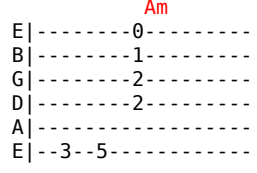

Am
Tell me how to be in this world

Tell me how to breathe in and feel no hurt

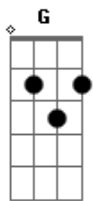

Tell me how could I believe in something

I believe in us
