

James Bay - Wait In Line

Tom: D

I can't shake this feeling
 At the end o' each day
 That I keep on working hard
 But all I do is get payed
 Though I keep believing
 There's a light up ahead
 'Cause it's only getting darker
 And I could say in my bed

Pré-Refrão:

It's a fight
 It takes so long
 But I've learned to hold my own

Refrão:

So I stand
 And I wait in line
 With a heavy head
 And this bottle of wine
 And I watch
 As they steal my time
 I stand and I wait in line
 I stand and I wait in line

Verso:

I walk home in the shadows
 I carry my cage
 And I hope they notice
 What I brought to the stage

Pré-Refrão:

'Cause its a fight

And it takes so long
 But I've learned to hold my own

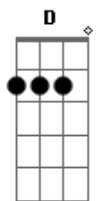

Refrão:

So I stand
 And I wait in line
 With a heavy head
 And this bottle of wine
 And I watch
 As they steal my time
 I stand and I wait in line
 I stand and I wait in line
 Ponte:
 Ooh whenever it gets inside
 It gets so hard to hide
 Whenever it gets inside
 Ooh I know you'll turn out right
 Giving it all my life
 I know you'll turn out right

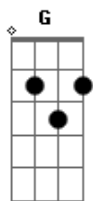

Refrão:

So I stand
 And I wait in line
 With a heavy head
 And this bottle of wine
 And I watch
 As they steal my time
 I stand and I wait in line
 I stand and I wait in line
 I stand and I wait in line
 I stand and I wait in line
