

# James Bay - When We Were On Fire

Tom: Bb

**Gm**  
 Drifting apart getting harder to hold you  
 Days getting dark and the nights are growing cold  
**Eb F**  
 Are we burning out?  
**Gm**  
 Swept out of sight, rolling out on an ocean  
 Let's cut all the ropes and get lost in the moment  
**Eb F**  
 If our hearts are alive, maybe then they might  
 Send us back to the sun

**Eb Bb**  
 Now I know, I know  
**D Gm**  
 That we're losing light, our love is dying  
**Eb Bb**  
 Out cold on the floor  
**D Gm**  
 Like a fallen star that shines no more  
**Eb Bb Cm Gm**  
 Take, take-a-me back to where we was before

**Eb Bb**  
 When we were on fire,  
**Cm Gm**  
 fire

**Gm**  
 Head down heading under ground feeling wasted  
 Cold to the bone so alone I can taste it  
**Eb F**  
 Let's light it up  
**Gm**  
 The streets are alive now and everything's racing  
**Eb F**

You're on my mind running in my veins, fueling the flame  
 Let's start it again

**Eb Bb**  
 And I know, I know  
**D Gm**  
 That we're losing light, our love is dying  
**Eb Bb**  
 Out cold on the floor  
**D Gm**  
 Like a fallen star that shines no more  
**Eb Bb Cm Gm**  
 Take, take-a-me back to where we was before  
**Eb Bb**  
 When we were on fire,  
**Cm Gm**  
 fire

Oh oh oh  
 Now, don't tell me, no, that we're burning down  
 Oh oh oh  
 Now, don't tell me, no, that we're burning now

**Eb Bb**  
 Now I know, I know  
**D Gm**  
 That we're losing light, our love is dying  
**Eb Bb**  
 Out cold on the floor  
**D Gm**  
 Like a fallen star that shines no more  
**Eb Bb Cm Gm**  
 Take, take-a-me back to where we was before  
**Eb Bb**  
 When we were on fire,  
**Cm Gm**  
 fire
