

James Bay - When We Were On Fire

Tom: Bb

Gm
 Drifting apart getting harder to hold you
 Days getting dark and the nights are growing cold
Eb F
 Are we burning out?
Gm
 Swept out of sight, rolling out on an ocean
 Let's cut all the ropes and get lost in the moment
Eb F
 If our hearts are alive, maybe then they might
 Send us back to the sun

Eb Bb
 Now I know, I know
D Gm
 That we're losing light, our love is dying
Eb Bb
 Out cold on the floor
D Gm
 Like a fallen star that shines no more
Eb Bb Cm Gm
 Take, take-a-me back to where we was before
Eb Bb

When we were on fire,
Cm Gm
 fire

Gm
 Head down heading under ground feeling wasted
 Cold to the bone so alone I can taste it
Eb F
 Let's light it up

Gm
 The streets are alive now and everything's racing
Eb F

You're on my mind running in my veins, fueling the flame
 Let's start it again

Eb Bb
 And I know, I know
D Gm
 That we're losing light, our love is dying
Eb Bb
 Out cold on the floor
D Gm
 Like a fallen star that shines no more
Eb Bb Cm Gm
 Take, take-a-me back to where we was before

Oh oh oh
 Now, don't tell me, no, that we're burning down
 Oh oh oh
 Now, don't tell me, no, that we're burning now

Eb Bb
 Now I know, I know
D Gm
 That we're losing light, our love is dying

 Out cold on the floor
