Tom: C

(com acordes na forma de Capotraste na 5ª casa G)

obs.: Esta é uma versão ao vivo Usar capotraste na casa 5

Em
Many Prophets preach on bended knees
G
Many clerics wasted wine,
C
Do the bloody sheets and those troubled streets mean?
D
I have wasted time,

Em
Are there silver shores on paradise?
G
Can I come in from the cold?
C
I killed a man in a far away land
D
My enemy untold

Chorus:

Em
I really want you to really want me

But I really don't know if you can do that (really want you)
G
I know you want to know what's right

But I know so hard for you to do that (really want you)
C
Time's running out as it often does

And often dictates that you can't do that (really want you)
D
Fate can't break this feeling inside
That's burning up through my veins...
G
I really want you
Em
I really want you
Bm
I really want you
Am
I really want you

D
Now...
C **D**
No matter what I say or do
G **G** **Em**
The message isn't getting through
C **D**
And you're listening to the sound
G
Of my breaking heart

G
I really want you

I really want you

Em
Is a poor man rich in solitude?
G
Or when mother earth complained
C
Did the beggar pray for a sunny day but
D
Lady luck for rain

Em
They say a million people bow and scream
G
To an effigy of gold
C
As so life begin

And the ship we're in
D
And history unfold

Chorus

Em
I really want you to really want me

But I really don't know if you can do that (really want you)
G
I know you want to know what's right

But I know so hard for you to do that (really want you)
