

# James Blunt - Over

Tom: D  
 Intro: Em Gbm G A Bm D A Bm  
 Em  
 How could you do this?  
 Will never be the same  
 You're gonna regret this  
 You're gonna remember my name  
 Cause in the end, girl  
 You just got yourself to blame  
 Em  
 It was amazing  
 But now everything has changed  
 We had it all, babe  
 You've thrown it a-way  
 I'll say it again, girl  
 You've just got yourself to blame  
 Em  
 Don't try to lie 'cause I know where you've been  
 You made a choice when you made out with him  
 Bm  
 Now all I can see in my dreams is him touching your skin

Bm Em  
 Baby, it's too bad  
 You know that it's so sad  
 You should have known that  
 Bm Em D G  
 It would be o--ver

A Em  
 Baby, it's too late  
 We had it so great  
 D A  
 The moment the heart breaks  
 Bm Em D G

 You said that you loved me  
 You can just go to hell  
 Don't try to find me  
 G A Bm  
 This is our last farewell  
 I'm not gonna fall, no
