

James Blunt - Stay The Night

Tom: D

(intro) D A Bm G

D A
Oh Oh Oh Oh...

Bm
Oh Oh Oh Oh

G
Oh Oh Oh Oh

A Bm
Hey! It's twenty two degrees

G
Zero chance of rain

D A
It's been a perfect day

Bm
We're all spinning on our heels

G
So far away from real

D A
In Californ-i-aaaa

E G
We watched the sun set from my car

Em
We all took it in

G
And by the time that it was dark

A
You and me had something, yeah

(refrão)

D A
And if this is what we've got

Bm
Then what we've got is gold

G
We're shining bright and

D A
I want you, I want you to know

Bm
The morning's on it's way

G
Our friends all said goodbye

A
There's nowhere else to go

D A Bm
I hope that you'll stay the night

G
Oh-oh-oh-oh, You'll stay the night

Oh-oh-oh-oh, yeah

A Bm
We've been singing Billy Jean

G
Mixing Vodka with caffeine

D A
We've got strangers stopping by

Bm
And though you're out of tune

G
Girl you blow my mind you do

And all I'll say is

D A
I don't want to say goodnight

E G
If there's no quiet corner

Em
To get to know each other

G
Then there's no hurry

A
I'm a patient man, as you'll discover

(refrão)

D A
Cause if this is what we've got

Bm
Then what we've got is gold

G
We're shining bright and

D A
I want you, I want you to know

Bm
The morning's on its way

G
Our friends all said goodbye

A
There's nowhere else to go

I hope that you'll stay the night

D A Bm E G
Just like the song on my radio said

D A Bm E G
We'll share the shelter of my single bed

D A Bm G
But it's a different tune that's stuck in my head

A
And it go-o-oes...

(refrão 2x)

D A
And if this is what we've got

Bm
Then what we've got is gold

G
We're shining bright and

D A
I want you, I want you to know

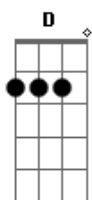

Bm
The morning's on it's way

G
Our friends all said goodbye

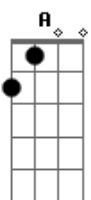

A
There's nowhere else to go

D
I hope that you'll stay the night (2x)
