

James Blunt - Time Of Our Lives

Tom: C
Intro: C

C
Don't close your eyes, dear, don't you
Be nervous
You put these hold down place in
Despair
I see your friends here, and some of
Them jealous
'Cause they know this love don't come
Off the shelf
I saw your mother, she looked so
Beautiful
'Member when she didn't think I would
Stay?
But all of those late nights
Breakfasts and dinners
Led us to where we're standing today

Am
I'm feeling time moves slow
F
I'm seeing faces glow
C
None of them shine as bright
G
As you tonight
Am
I'm hearing voices hush
F
There's no one else but us
C
Darling, there's so much love
G
Under these lights

[Bridge]

Of our lives
