The timing on this is funky and only approximate because the triplet is really more swing time. Listen to the song and it'll be easy.

## Riff 1 (Main Riff in verse and Solo)

Triplet  
 G -----7-----7-----|  
 D -----7-----7-----|  
 A 5---5-----5-----3-|  
 E -----2---3-3-4-4---|  
 1 2 3 4 1 2 3 4

Often the walking bass has notes omitted

## Riff 2 (Bridge)

G -----5-----5-----|  
 D -----5-----5-----|  
 A 3---3-----3-3-----|  
 E -----0---1---2-2-3-|  
 1 2 3 4 1 2 3 4

## Riff 3 (Break)

G -----	-----
 D --2---3---4---5-----|---3---4---5-----  
 -----|-----  
 A -----|-----  
 -----|-----  
 E -----|-----3-----  
 -----|-----  
 1 2 3 4 1 2 3 4 Hold  
 this note

This break sounds strange because it's not what the horns are playing (especially the second time through).
