

James Morrison - Once When I Was Little

Tom: G

(intro 2x) Em C G D

(verso 1)

Em I was the one who would always jump in first
 Em I didn't think twice to look behind
 Em Got such a good feeling, just from playing in the dirt
 Em Once when I was little

(verso 2)

Em We could build a rocket, fly to the moon
 Em Leave Tuesday morning, and be back for noon
 Em There wasn't nothing, nothing that we couldn't do
 Em Oh, once when I was little, mmm, once when I was little

(refrão)

And yeah I could dream more then, I could believe more then
 That the world could only get better
 I could be free more then, I could pretend more then
 That this life could only show me good times
 Once when I was little

(Em C G D) (2x)

(verso 3)

Em There was a time when I trusted everyone
 Em There was no place that I wouldn't go
 C Spend all day on the hillside next to the barley mow
 Em Oh, once when I was little, yeah once when I was little

(refrão)

Yeah I could dream more then, and I believed more then
 That the world would only get better
 I could be free more then, and I could pretend more then
 That this life could only show me good times
 Once when I was little

... I used to feel so strong
 Even when they tell me, tell me I was wrong
 That I can't live in a magic world
 Cause it's time for me to grow up
 And I got to be like the rest of them
 When I know things have been lost, oh

(refrão)

I could pretend more then, and I could believe more then
 That the world, it would only get better
 Whoa, I could believe more then, yes I could
 And I could pretend more then
 That this life, it could only show me good times
 Once when I was little

Em So here comes the next one, the next in line
 Em Stay as young as you can, for the longest time
 D Cause those days flew by like a breeze just passing through
 Em Once when I was little.
