

James Morrison - Save Yourself

Tom: C
Intro:

Riff 1:

Verso 1:

I'm trying to change to make the best for us
 But I'm just the same, same as I ever was
 Oh, and if you stay with me, honestly it's what I want
 But if you stay with me I know I'll hurt you more

Refrão:

So won't you save, save yourself
 By leaving me now for someone else
 If I'm crying out don't listen to it
 It's only my heart, save yourself
 It's only my heart oh no

Verso 1:

So tell me I'm wrong, please won't you change my mind?
 This love's so intense sometimes it can lead you blind
 Oh, and if you stay with me, honestly it's what I want
 But if you stay with me I know I'll hurt you more

Refrão:

So won't you save, save yourself
 By leaving me now for someone else
 If I'm crying out don't listen to it
 It's only my heart, save yourself
 It's only my heart, save yourself
 And I don't wanna let you go
 But I know that it's the right thing to do, baby
 And I don't think I'm that strong to say goodbye
 I don't wanna see you cry

Refrão:

So won't you save, save yourself
 By leaving me now for someone else
 If I'm crying out don't listen to it
 It's only my heart, save yourself
 It's only my heart, save yourself
 Said, it's only my heart, it's only my heart
 Only, only my heart
