

# Jamie Bower - Devil In Me

tom:

Intro: Am E C E Am C E  
Am E C E Am E Am

Oh, the wind did howl and the trees did moan

And the leaves fell to the ground

Where my love lays and made its grave

The devil can be found

Oh, love of mine, where have you gone?

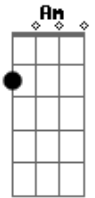

You're nowhere to be seen

When I look in the mirror, what do I find?

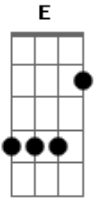

Oh, I see the devil in me

( Am E C E Am C E )

( Am E C E Am E Am )

No light, no light, how can I see

Now I am good and dead

The devil came and made his way

Back into my bed

Oh, love of mine, where have you gone?

You're nowhere to be seen

When I look in the mirror, what do I find?

Oh, I see the devil

Yes, I see the devil

Oh, I see the devil

And he is in me
