I must've died and gone to heaven
Cos it was a quarter past eleven
On a Saturday in nineteen eighty nine

Right across from where I'm standing
On the dance floor she was landing
It was clear that she was from another time
Like some baby Barbarella
With the stars as her umbrella
She asked me if I'd like to magnetise
Do I have to go star trekking?
Cos it's you I should be checking
So she lazer beamed me with her cosmic eyes

[Refrão]

She's just a cosmic girl
From another galaxy
My heart's at zero gravity
She's from a cosmic world
Putting me in ecstasy
Transmitting on my frequency
She's cosmic

[Segunda Parte]

I'm scanning all my radars cos she said she's from a quasar
Forty thousand million light years away
It's a distant solar system
I tried to phone but they don't list 'em
So I asked her for a number all the same

She said, step in my transporter
so I can teleport ya'
All around my heavenly body
This could be a close encounter
I should take care not to flounder
Sends me into hyperspace, when I see her pretty face

[Refrão]
