Oh yeah
What we're living in (let me tell ya)

[Primeira Parte]

It's a wonder man can eat at all
When things are big that should be small
Who can tell what magic spells
We'll be doing for us

And I'm giving all my love to this world
Only to be told
I can't see, I can't breathe no more will we be

And nothing's going to change the way we live
Cause we can always take but never give
And now that things are changing for the worse

Waoh! It's a crazy world we're living in
And I just can't see that half of us
Immersed in sin is all we have to give these

[Refrão]

Futures made of virtual insanity now
Always seem to be governed by this love we have
For useless, twisting of the new technology
Oh, now there is no sound for we all live underground

[Segunda Parte]

And I'm thinking what a mess we're in
Hard to know where to begin
If I could slip the sickly ties
That earthly man has made
And now every mother
Can choose the colour of her child

That's not nature's way
Well that's what they said yesterday
There's nothing left to do but pray
I think it's time I found a new religion
Waoh! It's so insane
To synthesize another strain
There's something in these futures
That we have to be told

[Refrão]

Futures made of virtual insanity now
Always seem to be governed by this love we have
For useless, twisting of the new technology
Oh, now there is no sound for we all live underground

[Ponte]

Now there is no sound
If we all live underground
And now it's virtual insanity
Forget your virtual reality
Oh, there's nothing so bad
