

Janelle Monáe - Cold War

Tom: C

(capo 1ª casa)

(intro 2x) Em G Am Em

So you think I'm alone, but being alone's the only way to be

When you step outside, you spend life fighting for your sanity

Chorus:
This is a cold war, you better know what you're fighting for
This is a cold war, do you know what you're fighting for

If you wanna be free, below the ground's the only place to be

Cause in this life, you spend time running from depravity

(chorus)
This is a cold war, you better know what you're fighting for
This is a cold war, do you know what you're fighting for
This is a cold war, you better know what you're fighting for
This is a cold war, do you know what you're fighting for

When wings of the weak can Bring grace to the strong
Make all evil stumble as it flies in the world
All the tribes come and the mighty will crumble

We must brave this night and have faith in love

I'm trying to find my peace, I was made to believe there's something wrong with me
And it hurt's my heart, Lord have mercy ain't it plain to see

(chorus)
That's this is a cold war, do you know what you're fighting for
This is a cold war, you better know what you're fighting for
This is a cold ahhhhh
This is a cold war, you better know what you're fighting for,
