

# Jason Aldean - They Don't Know

Tom: G

G  
They call us a two lane just passing by slow down town

D  
Yeah they say what's there to do

Em  
When you ain't got nothin' around

C  
Just a few street lights

G D  
Peed limit signs that all say 25

Em C  
But those folks ain't lived in our lives

G  
They ain't seen the blood sweat

D  
And tears it took to live their dreams

Em  
When everything's on the line

C  
Ain't just another field, just another farm

G  
No, it's the ground we grew up on

D  
They think it's a middle of

Em  
Nowhere place where we take it slow

C  
Aw but they don't know

G  
All they see is tractors, barbwire and tall green grass

D  
They don't see the years spent working, busting their ass

Em  
How they pray for rain

C  
They don't know a thing

About what it takes  
Livin' this way

G  
They ain't seen the blood sweat

D  
And tears it took to live their dreams

Em  
When everything's on the line

C  
Ain't just another field, just another farm

G  
No, it's the ground we grew up on

D  
They think it's a middle of

Em  
Nowhere place where we take it slow

C  
Aw but they don't know

No, they don't know

G  
They call us a two lane just passing by slow down town

D  
Yeah they say what's there to do

Em C  
When you ain't got nothin' around

G  
They ain't seen the blood sweat

D  
And tears it took to live their dreams

Em  
When everything's on the line

C  
Ain't just another field, just another farm

G  
No, it's the ground we grew up on

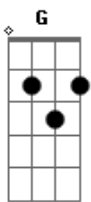

D  
They think it's a middle of

Em  
Nowhere place where we take it slow

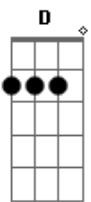

C  
Aw but they don't know

No, they don't know
