

Jason Dunn - Over & Out

Tom: Bb

(com acordes na forma de Capotraste na 1ª casa

A)

Back to the start

Alone in the dark

It's hard to say goodbye

And i don't know who you are

There's so much to lose

And all the choices i choose they

Are slowly gonna tear us apart

Well everything is changing now

The truth is i'm afraid

Baby i need you, more than ever

I've been waiting for you now

But i never see you

And all i remember is

Locking eyes then walking out

I don't know if you know this girl

But you're the only one in the crowd

Well here we both are

Strangers at dark

You probably won't believe me but i love who you are

The way that you move

And all the things that you do

It's safe to say you're still in my heart

Well everything is changing now

The truth is i'm afraid

Baby i need you, more than ever

I've been waiting for you now

But i never see you

And all i remember is

Locking eyes then walking out

I don't know if you know this boy

But you're the only one in the crowd

Please don't forget me, Be by my side

I have been changed by the look in your eyes

And i won't forget you, i know this is true

Everything reminds me of you

Baby i need you, more than ever

I've been waiting for you now

But i never see you

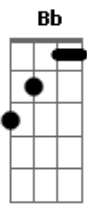

And all i remember is

Locking eyes then walking out

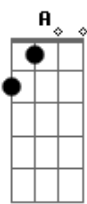

Baby i see you

Let's together ditch this scene and hit the town
