PART I

Intro: (X4)

I bare my windowed self untamed and untrained
 Dreams that hardly touch our complexions truest faults
 If room enough for both my drowsy spirit shall fall
 Bold waves tumble to the season of my heart
 You have offended my faith and my trust
 Until all is lost into the beauty of the day
 Until all is lost
 (see-yeah, see-yeah)
 And I think It's Lost (x11)

PART II

And there's something in the way you laugh
 And it makes me feel like a child
 Aspects of life they confuse me
 You and your thesis amuse me (x2)

PART III

After an afternoon with you
 And your rich brown eyes
 Your lips and dark hair
 Elbows and exposed knees
 tossing toward your ceiling (a-ling a-ling a ling) (x4)

PART IV

After an afternoon

REPEAT PART I
 (Interlude)

REPEAT PART I
 Face to palm
 Tear to tear
 And
 Mouth to tongue
 Heart to ground
 Heart to ground
 Say, "I am in love"
 Say, "Heart to ground"
 Say, everything
 Oh, Heart
 Oh, Heart
 Oh, Heart to ground
 I am in love
