(verso 1)

Am C
 Marigolds and bougainvillea
 F E
 Pressed against the fence
 Am C
 This might be my opportunity
 F E
 To finally make some sense
 Am G F
 Climbing towards the sky I gained a better understanding
 Am G F
 About the sky in fact the sky starts on the ground here
 Am G D
 So when I'm reaching up I'm really reaching out the boundaries

And I'm all dialed in

Cause we're all connected

(Am C G E E)

(verso 2)

Am C
 It's a simple life today, no matter what they pay me
 F E
 Playing is my reward
 Am C
 So take it easy on the world when she's someone else's
 girlfriend
 F E
 Taste her cake and see how she likes you
 Am G F

Climbing to the sky to get the other kind of knowledge
 Am G F
 And the world is watching waiting from the wings
 Am G D
 So when I'm singing out I'm really thinking how astounding it
 is

How we're all dialed in

We're all connected

We're all connected

We're all connected

Dm Am
 Oh this spirit lies in Auld Lang Syne

And if you ain't here today, you're just digging an icy grave

Bottle some hurt and fill in the dirt

And take them old marigolds away

(Am C G E E) (2x)

Am G F
 Well, climbing to the sky has never been my destination

Am G F
 Because the only way to stop is by jumping off

Am G D
 I don't need no microphone to address the nation

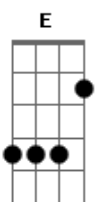

Am G D
 Cause I'm all dialed in

And we're all connected

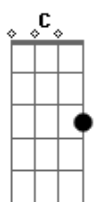

Yeah, we're all connected

Yeah, we're all connected
