E
 What if these plans are collapsible
 why don't we try to be responsible
D **m** **B** **A**
 for the other motherfuckers that were searching for the end of
 the rainbow

E
 ask me about the impossible
 I'll tell you that everything is applaudable
D **m** **B** **A**
 for life is a proscenium stage and we are the stars
D **m** **B** **A**
 and the audience that we captivate is already ours

C **G**
 and we're more aren't we
D **A** **E**
 yes we're more aren't we all we are
D **A**
 so collapse all your plans
C **G**
 like a map in your hands
D **A** **E**
 cause it won't take long to burn the motherfucker down

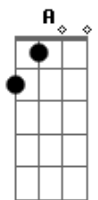

E
 many disaster unnatural
 we have the ability it's remarkable
D **m** **B** **A**
 to cycle through the seasons adapting to the reason the waters
 low
D **m** **B** **A**
 if we listen to the sign of the times when she calls we'll
 know
C **G**
 and we're more aren't we

D **A** **E**
 yes we're more aren't we all we are
D **A**
 so collapse all your plans
C **G**
 like a map in your hands
D **A** **E**
 cause it won't take long to burn the motherfucker down
D **A**
 so goodbye to your plans
C **G**
 and hello to a land
D **A** **E**
 where it won't take long to burn the motherfucker down
C **G**
 move your feet when you pray child
B **E**
 are you ready to change the way that you've been living your
 life up til now
C **G**
 the danger is more than a rain cloud
B
 will you adhere to the new solution to use less the useless
 uses of pollution hell yes

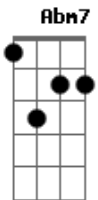

(**E** **D** **m** **B** **A**)
 so collapse all your plans
 like a map in your hands
 cause it won't be hard to spot the motherfucker down
 say goodbye to your plans
 and hello to a land
 where it won't take long to burn the motherfucker down
 say goodbye to your family
 and hello to understanding
 that it won't take long to burn this mother down
 so collapse all your plans
 and relax if you can
 cause it won't take long to burn this motherfucker down
 no it won't take long to burn this mother down
 no it won't take long to burn this mother down
 no it won't take long to burn this mother down
 no it won't take long to burn this mother down
 oh to burn her to the ground
 no it won't take long to burn this mother down
 no it won't take long to burn this mother down
 no it won't take long to burn this mother down
 no it won't take long to burn this mother down
 no it won't take long to burn this mother down
 no it won't take long to burn this mother down
 no it won't take long to burn this mother down
 no it won't take long to burn this mother down
 no it won't take long to burn this mother down
