

Jason Mraz - I Never Knew You (I've Never Known You)

Tom: G

Tell me a secret, tell me anything
 What's your weapon? What's your middle name?
 What do you believe in? What's your animal?
 Are you a cat or a dog person?
 What's your outlook? What's your favourite saying?
 Hey, maybe you laugh, maybe you laugh a lot
 Maybe you started, but you somehow quit the part mm
 And you may be a hippie and a democrat
 Yeah I remember that, I think
 And you might like wine, but you're not the type who likes to drink
 Why make me, forget everything I know?
 All my beliefs, replaced by scenarios
 Of unintelligent life, echoing in stereo
 On invisible mics, winding to my mind
 So I would like another look inside you
 So I would like another look inside you
 Yeah I would love the chance to love you, like I've never known you
 Yeah, maybe you're sleeping on a telephone.
 And maybe you're dreaming of an anglophone with a crooked smile
 And maybe your profile, posts a brand new nose
 And maybe your new job, it requires that you cannot wear any clothes
 Why make me, forget everything I know?
 All my beliefs, replaced by scenarios

Of unintelligent life, echoing in stereo
 On invisible mics, winding to my mind
 So I would like another look inside you
 Yeah I would love the chance to love you, like I've never known you
 ()
 Maybe your favourite colour is brown
 And maybe your crying and you're not sure why
 Maybe you're living in a whole new town
 And maybe you're back with your old boyfriend and you're busy going down.
 Why make me, forget everything
 All my beliefs, are my memories
 All the episodes of you, especially the ones that hurt
 And the few that made me laugh
 Well I can't get them back
 That's why I'm asking for some more of you now
 Yes I would love the chance to love you
 And I would love to love you!
 Why make me, forget everything I know?
 All my beliefs, replaced by scenarios
 Of unintelligent life, echoing in stereo
 On invisible mics, winding to my mind
 So I would like another look inside you
 Yeah I would love the chance to love you, like I've never known you
 I would, I would, I would love to look inside of you
