

# Jason Mraz - Life Is Wonderful

Tom: **Bb**

(acordes na forma do tom **Ab** )  
 Capotraste na 2ª casa  
 Mr. A-Z

Following in the footsteps of my last tabs, I wanted to know how to play this song, so my tab. I tried my best, email me M and recommendations and I'll fix as fast as possible.

played 2 times, capo on second fret, all notes relevant to that (remember that the to the first time you play the verse is different than the second)

Verse 1:

First Ending

e-----  
 b-----  
 g-----  
 d--4--  
 a--4--  
 e--2--

Second Ending

First Chorus:

played twice

Second time:

(you play the first part, but the change is in the last, so i didn't include the first part)

Chorus Outro:

Basically here he does some finger picked note progressions on this chord:

e-----  
 b-----  
 g--5--  
 d--6--  
 a--6--  
 e--4--

He plays this into the verse for the first portion of it and it goes back like the last

(i've written out the chords to be finger picked, not the exact notes, you can just the chords softly, or, be adventurous and find a cool picking pattern that sounds good with song.)

First Ending:

e-----  
 b-----  
 g--3--  
 d--4--  
 a--4--  
 e--2--

Same Verse (second time):

this is where a big change occurs. The chords stay the same, but instead of picking them

let's it ring. Take into consideration, there is a large band with a base and drums and possibly second guitar when he recorded this.

Bridge Thing:

(third verse really)

plays this first:

after this i'm not sure what he plays, when i play it, I generally just solo around with that.

I hope this helps, once again, please contact me with any suggestions, questions, and rate this, high if it deserves it.
