Tom: **F**

Part

0% Interest  
Standard Tuning  
No Capo

here, Mraz seems to be hitting just the **Db** note , however if you want a fuller sound I suggest playing (4302x) once and then moving to the **Dm** (or whatever it's called).

Part

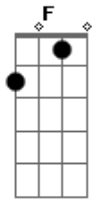

Part

hit the notes on the **A** string first and then strum the rest of the chord

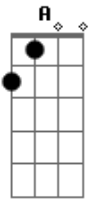

End on **F**
