

# Jason Mraz - Only Human

Tom: F

(riff 1 - 2x)

(riff 2)

(riff 1)

A squirrel in the tree is he watching me  
Does he give a damn?  
Does he care who I am?  
I'm just a man, is that all I am  
Are my manners misinterpreted words or only human?  
I'm human  
Murderous crow, hey what you know  
What you reading about, what you hold in your toes  
Is that a twig, are you a dove of peace  
A black dove undercover, with another puzzle piece  
Are you a riddle to solve all along?  
Or am I over thinking thoughts of human after all  
Only human  
Made of flesh, made of sand, made of you and me

F G  
The planet's talking about a revolution  
Em Am  
The natural laws ain't got no constitution  
Dm  
They've got a right to live their own life

(riff 1)  
Up in the major's tree, the one he planted back when he was  
just a boy  
Thinking 1923  
Thirty meters and a foot, take a look, take a climb  
What you'll find is the product of a seed  
The seed is sown, all alone

It grows above, with a heart of love  
Sharp and shelter of the animals of land and cold weather  
breathing  
We're all breathing in
